

CARNEGIE MELLON UNIVERSITY AFRICA

Minutes of the CSSR4Africa Team Meeting

Date and Time: 26th May 2026, at 11:00am
Venue: C210
Status: Final

Participants

Clifford Onyonka
Deogratius Kigudde
Tsegazeab Tefferi
Yohannes Haile, Chairman

Apologies

Lenah Chacha
Moise Busogi

1. Introduction and review of agenda

The chairman, Yohannes Haile, welcomed all the present members to the meeting.

2. Minutes of last meeting and matters arising

The participants reviewed the minutes of the previous meeting held on 28th April 2026 and approved them as a true and accurate record of the meeting.

Agenda item 1: CSSR4Africa final report first draft

Action: This action item is ongoing, information from the latest updates to deliverable reports is being updated onto the document

Agenda item 2: Conduct a Pepper robot tour guide demonstration at the DEC

Action: Not yet done, Deogratius will plan with Yohannes on when to do this demo

Agenda item 3: Complete software integration

Action: Ongoing, will be completed on Friday 29 May

Agenda item 4: Adjust the final software integration milestone to April 30

Action: Will be done on Thursday 28 May

3. Matters arising from progress reports

No matters were discussed under this agenda item.

4. Status of tasks, deliverables and software

It was noted that the integration of textToSpeech and robotNavigation was taking longer than anticipated due to the exit from the team of the developers in charge of these ROS nodes. However, the system integrator noted that based on the collaboration with these developers, it is anticipated that the integration process will be completed by Friday 29 May. In case this deadline is unmet, then these ROS nodes will be merged to the 'develop' branch of the CSSR4Africa repository, and their previous versions be used in the upcoming system evaluations that are to begin on Monday 1 June. This decision was taken since it was observed that the system evaluations were being delayed due to waiting for system integration to be completed.

5. Status of milestones

The milestone document will be updated to indicate the updated deadline of 29th May 2026 as the final deadline for integration of all ROS nodes into the CSSR4Africa software repository.

6. Any Other Business

Afretec Conference

The next Afretec conference will be held on June 15th in Nairobi, Kenya.

7. Date and time of next meeting

The next meeting will be held on 2nd June 2026 at 11:00am in Room C210.

End of the Meeting

There being no other business, the Chairman thanked the participants for their contributions and closed the meeting at 11:24am.

Action items following the meeting of the CSSR4Africa project

Action	Action description	Responsible	Completion date
1	Complete integration of all ROS nodes	Clifford	29 May, 2026
2	Update milestone document to indicate deadline for integration of all ROS nodes	Yohannes	28 May, 2026
3	Conduct a Pepper robot tour guide demonstration at the DEC	Yohannes	TBD
